

Navodila za aktivacijo računa Office 365

Najprej odpremo spletno stran <https://o365.arnes.si/> in kliknemo gumb za prijavo desno zgoraj.

Odpre se nam okno za prijavo, kjer najprej izberemo organizacijo.

Vpišemo svoje podatke za prijavo (na svojem računalniku si lahko podatke tudi shranimo, da nam ne bo potrebno tega vpisovati vsakič, ko se prijavljamo).

The image shows the AAI-prijava login interface. It features an orange background with a grey header and footer. In the top left corner, there is a circular logo with an orange stylized 'A'. The title 'AAI-prijava' is centered in white. Below the title, there are two input fields: the first for the username (containing a masked email address ending in '@dijaki.gimnazija-siska.si') and the second for the password (displayed as dots). A link 'Pozabljeno geslo' is located below the password field. A grey 'Prijava' button is positioned below the input fields. The footer contains three links: 'POMOČ', 'STORITVE', and 'INFO'.

Po kliku na gumb »Prijava« se nam odpre soglasje za prenos podatkov iz baze SIO MDM v Office 365. Podatke preverimo in potrdimo.

The image shows a consent screen for data transfer. It has an orange background with the same circular logo in the top left. The text explains that by logging in, the user agrees to the transfer of data from the SIO MDM database to Office 365. A red 'X' icon and the text 'Zapomni si privolitev.' are present. Two buttons are shown: 'Da, nadaljuj' (highlighted with a red circle) and 'Ne, preklici'. Below this, the 'Politika zasebnosti za ta SP Oblak 365' is mentioned. A section titled 'VAŠI PODATKI, KI BODO POSREDOVANI STORITVI OBLAK 365' contains a table of user data.

Primarna vloga	staff
schacUUID	df64f99d-8b30-49c9-b302-d796cbf0dff2
schacExpiryDate	999991231235959Z
Prikazno ime	[Masked]
ID uporabnika na domači organizaciji	[Masked]@dijaki.gimnazija-siska.si
Elektronski naslov	[Masked]

Pazimo na to, da podatke shranimo, da nam ne bo potrebno vsakič podajati soglasja za prenos. Po kliku na gumb »Da, nadaljuj«, bo sistem samodejno ustvaril nov račun.

Po opravljeni prijavi, je naš račun aktiviran, tako da se lahko poljubno prijavimo v Office 365, Teamse ali Spletno učilnico.
